LANDSCAPE RAKES

'PLR' ATV QUAD BIKE MODEL

MODEL MCR 6

The **Fieldmaster Landscape Rakes** are ideal for commercial, farm, or home use. They are built sturdy for use in all types of applications, such as: grading; levelling; spreading top soil; removing stones from lawns, roots, trash; breaking up sod clumps; spreading stone, gravel, or cinders; smoothing ball diamonds, parking lots, and horse exercise yards, raking vineyard/orchard prunings and more!!

All units offer 3-forward and 3 reverse rake positions. Each model is equipped with 25 x 8 x 400mm tines which are individually bolted to the tine bar and supported by a 'waffle plate' for added strength.

Optional pneumatic gauge wheel (as shown on the left) are available for each model to assist the operator with depth control.

Model	Width	Suits H.P.	Linkage Cat.
