## VINE TRIMMER/PRUNER

'RAZOR' RANGE DOUBLE RECIPROCATING HYDRAULIC DRIVE CUTTERBAR SYSTEM

Picture showing 'RH' top trimmer

### FEATURES

- Double reciprocating cutterbars
- Heavy duty hi-torque hydraulic motors
- Nitride hardened cutterbars for low maintenance - long life
- 4 sizes: 900mm, 1200mm, 1500mm, 1800mm cutterbars
- Easily attaches to forklift, frames or buckets

**FIELDMASTER**

***...smarter gear  
...smarter care***

# SPECIFICATIONS

**The Fieldmaster Razor Range** of double reciprocating hydraulic drive trimmers enable the quick removal of excess leaf and wood growth in the orchard and vineyard.

The base machine comes as a cutterbar head in 4 sizes, with horizontal arm and clamp to connect to the options of mast and tractor mounting.

The nitride hardened cutters make short work of stubborn outgrowths in conjunction with the heavy duty hi-torque hydraulic motor.

There are many options (see picture) to make any job an easy proposition.

Quality Fieldmaster build standards together with simplicity of design and construction ensure years of trouble free use.

## The Fieldmaster Story

Since 1955 Fieldmaster products have been trusted nationwide. We build innovative machinery with our customers in mind – smarter gear to make your work easier. We stand behind all our products, so if you have a problem we fix it – that's smarter care.
