FIELDMASTER

**...smarter gear
...smarter care**

FEATURES

- Grass flow antiwindrow vanes - for a manicured finish!
- Hi-torque 13hp electric start petrol engine
- High speed cutters - 3 spindles - belt driven
- Large diameter cushion tyres

SPECIFICATIONS

The Quad 'Estate' range

You'll be thrilled with the manicured finish, your lawns will be beautiful. We've put all our 47 years experience in big, professional mowers and condensed our know-how to bring you the "Estate" ATV Finishing Mower.

Features such as anti-windrow vanes, which distribute cut grass evenly from the mower, leaving a smooth finish every time. Three spindles with high speed cutters make short work of your grass.

In common with our bigger products we've got you, our customer in mind. Large diameter cushion tyres make a small 'footprint' on your land, or to get right up to fencelines the optional castor wheel kit (see pic.).

The centrifugal clutch and remote throttle keep you in control. The 4mm reinforced steel plate deck will give years of service.

The Fieldmaster Story

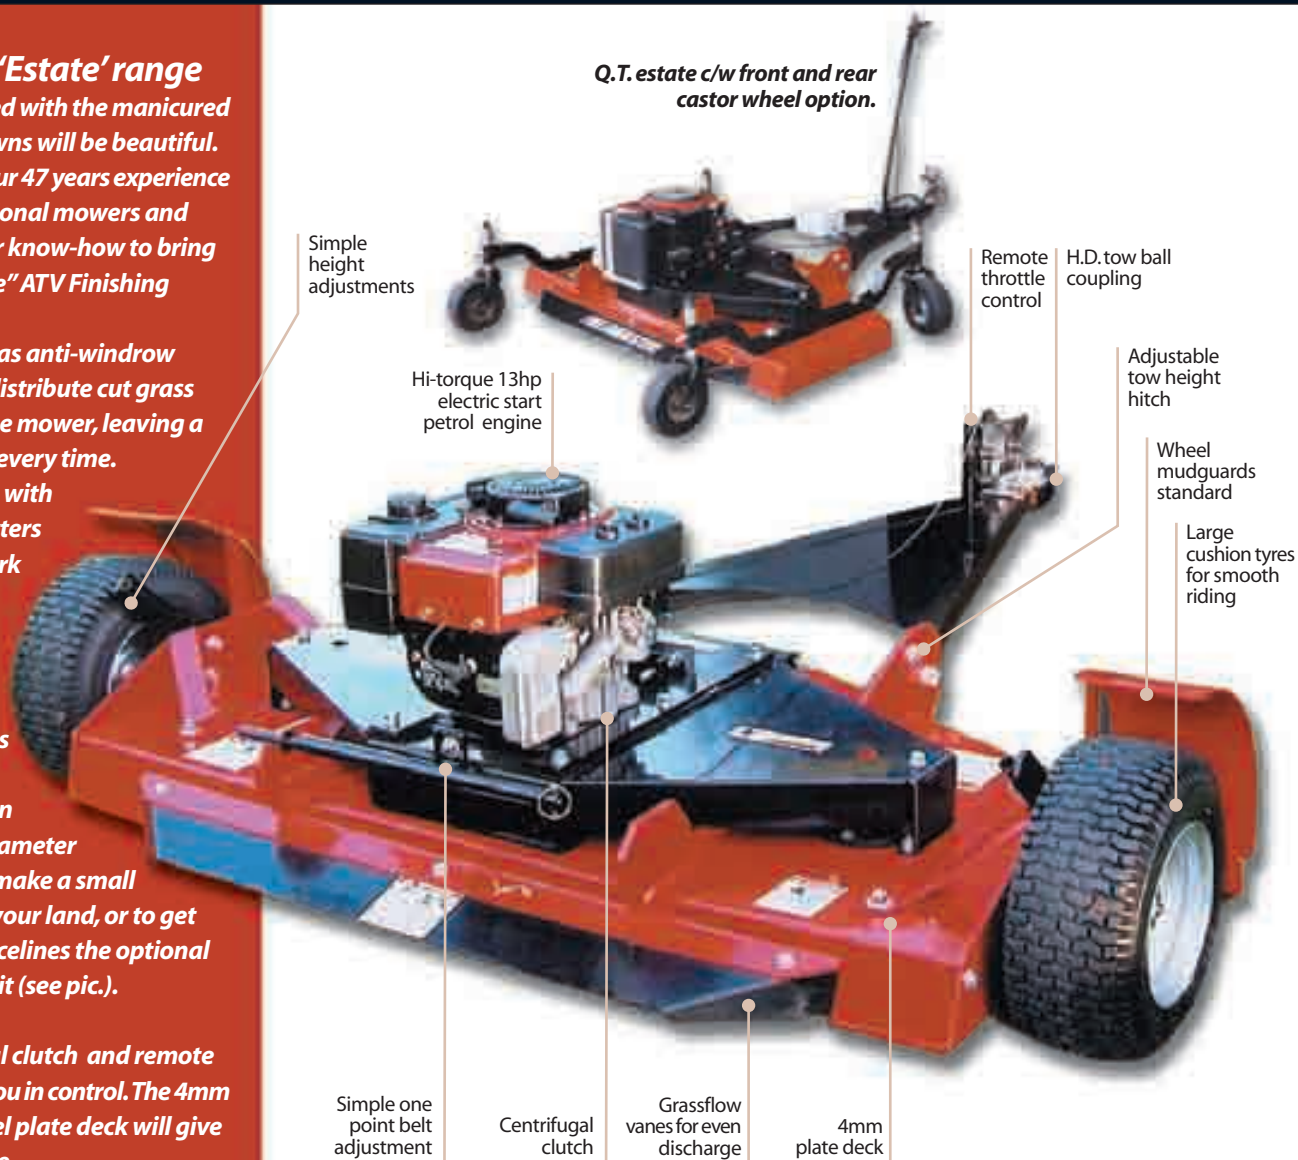

Since 1955 Fieldmaster products have been trusted nationwide. We build innovative machinery with our customers in mind – smarter gear to make your work easier. We stand behind all our products, so if you have a problem, we fix it – that's smarter care.
