

# FIELDMASTER®

## HEAVY DUTY FOLDING SLASHER/TOPPER BATWING 450

**FIELDMASTER**

***...smarter gear  
...smarter care***

### FEATURES

- Super tough construction for heavy work!
- Flexible floating body to follow ground contours
- Unique mulching '4 STAR' blade configuration encourages biodegradable system
- Cover large areas fast!

# SPECIFICATIONS

## The Mower for wide open spaces

The Batwing is built to minimise topping times, so you can maximise profit.

### It's big...

4.5m wide and features 3 rotors utilising 4 blades on each, cutting, dropping and mulching grass quickly and efficiently via the unique star shaped carrier. The Batwing hugs the contours of your land for a more even cut thanks to its flexible floating body.

### It's simple...

Hydraulic height adjustment (from 20mm-320mm) makes topping in all conditions easy! Direct drive to each rotor keeps tip speeds to a maximum (and mowing times to a minimum). Hydraulic folding wings make transportation a breeze.

So get out of your tractor and get on with the real work around the farm!

**Fieldmaster Batwing – the timesaver.**

## The Fieldmaster Story

Since 1955 Fieldmaster products have been trusted nationwide. We build innovative machinery with our customers in mind – smarter gear to make your work easier. We stand behind all our products, so if you have a problem, we fix it – that's smarter care.

Follows ground contours giving uniform cutting height

Front protection chains standard

Connecting rods hinder movement during transport

Cutting height hydraulically adjusted.

Transport Position

Cutting Width	4500mm
Overall Width	4650mm
Transport Width (folded)	2800mm
No. of Rotors	3
No. of Blades-Flails	12
Cutting Height (min/max)	20-320mm
Tractor H.P. Minimum	75hp+
Overall Length	4600mm
Total Weight	1850kg
Transport Height (folded)	2000mm
Contour Float (up/down)	+20°/-15°
RPM Requirement	540rpm
